Re: CC Docket 02-33 – Notice of Permissive Detariffing of Wireline Broadband Internet Access
Service by People's Telephone Company (Study Area 532391)

Dear Valued Customer:

Our records indicate that Willamette Valley Internet is currently purchasing wholesale broadband transport services from People's Telephone Company, under NECA Tariff No. 5 ("Tariff"). This letter is to advise you that People's Telephone Company (Exchange Area 503 859, Study Area 532391) will discontinue provisioning service on July 1, 2016 pursuant to the Tariff. Services will be made available to you on a common carrier, non-tariffed basis. The existing relevant rates, terms and conditions will not change until the end of your term or until replaced by a Broadband Commercial Agreement.

The rates, terms and conditions for the Broadband Commercial Agreement will be available in printed copy during normal business hours at People's Telephone Company's business office located at 502 N 2nd Ave, Stayton, OR 97383 or on our website www.sctcweb.com/PTC/.

The actions describe above are taken in accordance with the FCC's Report and Order (FCC 05-150) released September 23, 2005 in Docket No. 02-33. In this order the FCC determined that facilities-based wireline broadband internet service providers could offer their services on a common carrier, permissively detariffed basis.

No action is necessary on your part. However, if you have any questions, please feel free to contact our Customer Service Team.

Sincerely,

Curt Thornton
President
